### **REASONS FOR ALLOWANCE**

Claims 1-7 are allowed.

The following is an examiner's statement of reasons for allowance:

Per amended independent claim 1, the Examiner finds the applicant's arguments persuasive (see reply filed 9/9/2004) that the prior art does not teach or reasonably suggest in combination the method for controlling the speed of vehicle including lifting the acceleration limitation more slowly in response to a change in conditions for the acceleration limitation with an acceleration limit increasing in a time-delayed manner as now claimed.

Claims 2, 4, 6, and 7 serve to further define the invention of claim 1 over the prior art.

Per now independent claim 3, reasons for indicating allowable subject matter were given in a prior Office Action (mailed 6/22/2004).

Claim 5 serves to further define the invention of claim 3 over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric M Gibson whose telephone number is (703) 306-4545. The examiner can normally be reached on M-F.
